

**In the Specification:**

Please AMEND the specification as follows:

Page 1, line 1<sup>2</sup> insert the following:

--This Application is the U.S. National Phase Application of PCT International Application No PCT/GB2003/005305 filed December 10, 2003.—

Page 1, line 8, insert the following:

--Description of the Related Art--

Page 5, line 23, insert the following:

--Brief Summary of the Invention--

Page 5, lines 24, through page 6, line 6:

According to the present invention, there is provided an underwater pool light comprising:

a housing;

a light source located within the housing;

a lens sealingly ~~fixed~~ connected to the housing by a plurality of fasteners; and

a guard member adapted to prevent unfastening of at least one of the plurality of fasteners

such that the light source is enclosed within a permanently sealed body.

Preferably the pool light includes mounting means for mounting the housing to a niche within or on a wall of a pool.

Preferably the housing includes an integral connector for external connection to an electrical supply cable, and the pool light includes electrical connection means within the housing connecting the light source to the integral connector.

~~a light source located within the housing;~~

~~mounting means for mounting the housing to a niche within or on a wall of a pool,~~

wherein:

~~the housing including an integral connector for external connection to an electrical supply cable, and~~
